### **FRIDAY NIGHT DINING – THE BOARD NEEDS YOUR HELP**

The board needs your help so we can continue to hold Friday night dining events. It is not a difficult undertaking. You choose a place to have dinner (we even have a list of locations that we already use) and call and make a reservation. Members have until Thursday until noon of that week to call you to be put on the list. All you have to do after that is show up with your list and coordinate getting everyone to the table. From that point on, you dine and enjoy everyone's company.

If we could get a couple more volunteers to host, it would help out tremendously. The board is asking you to consider hosting one event and see how it goes. You don't have to host every month (unless of course you want to 😊). This club survives because of our commitment to providing events for singles to attend. If we don't have volunteers to help in making events a reality we may have to cut back on our dining experiences. Please consider giving hosting a try. If you want to discuss this in more detail, please feel free to give one of the board members a call.

### The Simplest Swap to Reduce Your Plastic Exposure

You reach for bottled water because it feels like the clean choice. A review in the *Journal of Hazardous Materials*, pooling 141 studies, suggests otherwise: people who rely on bottled water may take in up to 90,000 more plastic particles a year than tap drinkers, who ingest closer to 4,000. Columbia and Rutgers researchers counted as many as 400,000 particles per liter in common brands, many small enough to cross the blood-brain barrier. Human health data is still emerging, and nothing here proves harm. **But the fix is unusually easy: make filtered tap water your default, and the single biggest source of your exposure largely disappears.**

If you do grab a bottle, handling matters more than you'd think. Keep it out of hot cars and sunlight, open the cap once instead of fidgeting with it, and decant into glass or stainless steel. Small moves, measurably less plastic.

Board of Directors  
Minutes

May 18, 2026

12:10 PM at Barb's House

**Roll:** Neil, Jim, Tammy, Susan, Barb, and Beth

**Minutes:** The April minutes were approved on a motion by Tammy, seconded by Beth.

**Treasurer Report:** Account balances totaled \$7,198.57, income was \$115.00, and there were no expenses. Jim asked for a simple list of month-end balances for the past 12 months to assess club liquidity.

**Calendar:** There are 11 scheduled events, including the Annual Picnic on June 13<sup>th</sup> and a Brewers game on June 18<sup>th</sup>.

The board expressed concern about the lack of event hosts. We need two more volunteers or may have to cancel a Friday night dinner. Tammy will write an article for the Jingle.

Jim will host dinner at the Sawmill Inn in Richfield on July 15<sup>th</sup>.

**Membership:** As of May 18, 2026, membership totals 53. The Jingle will welcome new members. The board discussed creating a phone tree to share club information with members who do not use email. Tammy and Beth will explore whether it is worth the effort. Only six members do not have email.

**Picnic:** The response deadline is June 6<sup>th</sup> at noon. The caterer will arrive at noon, allowing uninterrupted time for the Annual Meeting at 11:30 AM. Lunch will be served at 12:10 PM. Jim will create the annual meeting agenda.

**Newsletter:** The Jingle is now shorter at four pages, which makes mailing easier.

Adjournment: 1:23 PM
